W H W Chapman, Chgo, Ill.

I am sending you by registered mail 10 coins to the Dept of Education and have not sent less than 1000.

Please receipt the enclosed and send return to me.

The prices set down simply indicate what I paid for them or what I think they are worth and would like to get for them. Most of them coins I bought of you.

I paid you \$10 for the silver. I don't like the silver or the silver coins as much as the gold coins but I don't want to let them go under the hammer till I see how they run. If you did not let them then I suppose you would not change.

Dear Tom & M. I collected for subject  
stone. I want to sell that which has  
I believe to be a very good one. I  
I want to sell for one coin in your  
catalogue. That I would much like  
to see, I want more a piece, because  
I know nothing of the market value  
of the stone. I have a very fine 3 1/2 x  
1/2 inch the best that I have seen  
for I want this stone if you can get it  
for me without paying more than you think  
it worth. Truly Yrs. Bond

Of course if you can sell any at  
private sale before the auction to M.  
Let me know when your next sale follows  
and I will be.

177	✓	I have nothing against your method of bid - I say even bid & have long wanted to get this bird as I have come from every part of the country to the best and worst birds this year. But I bid in a former sale and lost. Now if this is a real fine one with plenty of plumage please get it for me as cheaply as you can. I will pay for it if you can get it for what you consider a fair price. I need one & pay an absolute price for any bird.

Dear Sirs,

I have just sold the silver coins.  
If you can pay me \$2.00 cash for the  
"Shah" you may have it.  
I sold a little more before that  
because I find you 30 per cent what  
you represented as a fair amount for  
it. I can't see why such a coin  
should shrink so in value in a few  
years. I always seem to have to pay  
for high prices for coins and I  
can't sell them half price when I  
want to. I find it hard to sell enough  
silver coins of Constantinople the most of them  
than the silver coins you sent me for which  
I want pay \$2.00. I am not finding any more  
of you for \$1.00 and a piece for \$1.00. I  
am not thinking of my loss.  
I may return the coins by registered

much with any pleasure for me &  
more. If you do not want to see me  
at all, I shall not think you could ever  
call at your house. I am a resident  
so it is on the end of the line for  
little else and then - well I.  
Very truly  
Yours
